

iPhone/iPad Instructions

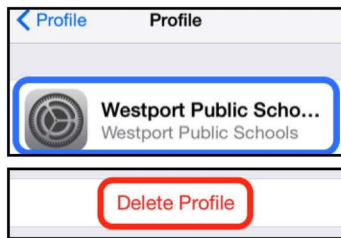

Note: If your device was previously connected to our secure network (wps-wlan), you will need to remove the "Westport Public Schools Secure Network" profile

Go to "Settings" then "General" and "Profile"

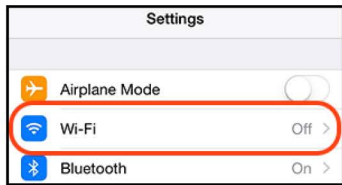

Then select the profile, and then tap "Delete Profile"

Step 1: Tap Settings

Step 2: Tap "Wi-Fi."

Step 3: Turn Wi-Fi on if needed

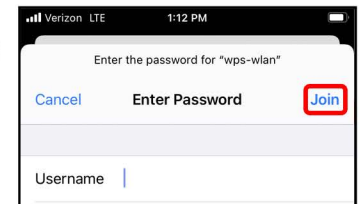

Step 4: Tap on the **wps-wlan** to connect

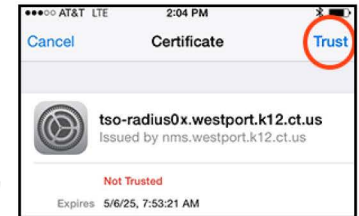

Step 5: Enter your WPS username and password in the appropriate fields

Step 6: Tap "Join" in the upper-right corner

Step 7: Tap "Trust" in the upper-right corner to trust the certificate. The certificate will be named "TSO-RADIUS03" or "SHS-RADIUS03"

Step 8: Verify that you are connected to "wps-wlan" by observing a check next to "wps-wlan"

Note: If you have previously connected to "wps-guest" or "wps-all-aboard" click the **i** to the right of the network

then click "Forget This Network" and "Forget"
